You al-ways had such an in-no-cent face We loved and pro-tec-ted you We worked hard ev' ry day To
 look af ter you but you don't know We worked two jobs to buy our home_ In the place you wan-ted to be_ We
 took you to_ the world and back Said 'it's al - right' when you could-n't sleep_ Go a-head and live a good life
 8^{vb}-----

Fix your self now when you fall_ You've been gi - ven ev ry chance To be kind and do it all_
 We bought you all the lat est things To see you smile and laugh and play We gave you all the time we had
 8^{vb}-----

Now look at all of us_ to day We gave you mo-ney to set you free We did our best to keep you safe
 We tried our best but you don't see_ A way to do_ the same Go a-head and live a good life_

Pick your-self up_ when you fall_ You've been gi - ven_ ev-e-ry chance To be kind and
 have it all_ We tried to stop you do-ing drugs We tried to calm the pain you chose
 We tried to give you some-thing real_ Where it went wrong no-bo-dy (body) knows Go a head and live a good life
 8^{vb}-----

fix your-self now when you fall_ You've been gi ven ev-e-ry chance To be kind and do it all_
