*Love is in the summer, happy loving in the sun  
 Just a lot of a change from the rain that makes me numb  
 Time for you and me, time for harmony  
 Dancing to the beat of being with you and being free  
 Flowers in the meadow, kisses in the grass  
 What about the smiles and styles that make us wanna dance  
 Riding on the fragrance and the warmth of the day  
 The season is the reason it has always been this way  
 And think of all the summers of the future for us  
 Listen to the melody our love is gonna last  
 Run in to the field; let me give you a rhyme  
 And lay out the blanket cause it's our summertime*

*Like the blades of the grass that were scorched by the sun  
 Like a water colour picture in the rain that had run  
 We had a share of loving, you and me in harmony  
 We danced to the beat just being you and being me  
 Never mind tomorrow, love is here and now  
 Turn up the music because love is going down  
 We rode on the fragrance and the colour of the day  
 The season is the reason it has always been this way  
 Think about the field where I gave you a rhyme  
 Where we spread out a blanket cause it was our summertime.*
